

DEAR NATURE LOVERS WE INVITES YOU TO THE UNIQUE WORLD OF SENCES, AROMA AND WONDERFUL LANDSCAPES – WELCOMTE TO PARK HISTRIA AROMATICA!

Park Histria Aromatica with its unique position and fantastic offer makes an original destination in the Istria region as well as abroad.

Main vision is to introduce to our visitors traditional values and some of nature heritage of Istria and Croatia. With our actions and products we want to improve the tourist offer of our region, integrate into existing attractions and provide continuing education on the importance of preserving nature resources.

Located at the land with size more than 100 000m², idyllic Istrian ambience with unique landscaped with view of the sea and the Brijuni islands, old towns Bale, Vodnjan and Rovinj on one side and on the other side with a view of the "Door of Istria" - mountain Učka.

Histria Aromatica offers its visitors:

Guided tour through walkways of plantations and gardens with mediterranean domestic plants and aromatic herbs, olive groves, vineyards and orchards. Professional tour involves presentation about use of plant species that served as human food, medicine and cosmetics through centuries.

Multimedial hall for presentations with special fragrant, light and sound effects.

Workshops selected by plant species and season of plantations and gardens, by type of aromatic and medicinal plants. This workshops will include the following activities: preparation of pitches (fields), planting, seeding, watering and tending plants, harvesting, transport and processing methods: drying plant material, preparation of plant material for further processing ...

The workshops are prepared for all types of visitors, from preschoolers and schools to all those who are interested to meet with the secrets of plant life and how to use the well-being of nature.

Specialized gift shop with products of Histria Aromatica where visitors will be able to buy natural toilet cosmetic and therapeutic products based on indigenous aromatic plants (lavender, sage, rosemary, laurel, immortelle and Dalmatian chrysanthemum) grown and processed in park Histria Aromatica fields, This product are wonderful gift or a souvenir of our region.

Restaurant with local cuisine is definitely the highlight of the whole experience of the visit. Daily offers dishes and desserts made from fresh and seasonal ingredients from the estate. Traditional cuisine with innovative ways of cooking will evoke a harmonious blend of the past and the present. Except local dishes here will be served several kinds of homemade brandy, wine and other beverages such as teas and natural juices, with a magnificent view of the Rovinj Archipelago.

To promote our destination and the entire region, in the coming period, we plan to organize special events and manifestations, which we will realize in cooperation with medial agencies, tourist boards, tour operators and other private companies and state institutions.

Events will be throughout whole year, with the possibility of organization private events:

- Full year programs for individual and group visits,
- Business meetings - team "building" and receptions,
- Events, conferences, festivals,
- Themed parties, anniversaries, celebrations and luxurious wedding.

Park Histria Aromatica standard offer (up to the opening of other facilities) includes:

- Entrance to the park.
- Professional tour through plantations and gardens with mediterranean domestic plants and aromatic herbs and spices, olive groves, vineyards and orchards. Professional tour includes presentation about use of plant species that served as human food, medicine and cosmetics through centuries.

At the park property there are rare attractions that visitors can see and experience, such as karst cave, "Smokvina" (cave from which grow fig three 120 years old, with a staircase), avenue of cypress trees, stone wall, Istrian forests and meadows, unique buildings architecture, which perfect fits with the natural beauty of the landscape.

Time of tour: 1-1,5 h

Basic price tickets for individual visits is 10 EUR.

Children under 6 years free admission, children 6-12 years 50% discount.

Group price is 8 EUR (min. 20 persons)

We prepare the opening of small **Galenic laboratory** for more than 300 workshops where visitors will be introduce with the cycle of production "From seed to brands" and the **Museum Histria Aromatica** the exhibition on the theme of ethno botany, history of use of herbs with traditional pharmaceutical equipment , as well the history of the project Histria Aromatica.
